Scoring	
Online Scoring	Yes
Score Sheets Submission	
Online Scoring + OC Score Sheet	Not more than 15 minutes

Event Format

- The Tournament schedule will run throughout the season, starting from Saturday, 15th Oct 2016.
- Matches will be normally played on Saturday, however, if required, could be scheduled on Thursdays.
- The detailed schedule issued by OC will not be altered. Any request for change of date or venue will not be entertained.
- If a team wishes to have a change in schedule, Oman Cricket shall not be responsible for any rescheduling of matches, but the concerned team shall have the option to liaise with their opponents and schedule the matches such that it does not affect the already issued schedule.

Event Format

- Once, the teams have agreed the following shall be sent to OC in Writing
 - ✓ Letter of information stating the need for change by the team requesting it
 - ✓ Letter(s) of confirmation by concerned teams and their acceptance that OC shall not be liable if the team(s) do not turn up for the match on the rescheduled date, as agreed between the teams

POINTS SYSTEM

- 3 - Win with Bonus
- 2 - Win without Bonus
- 1 - Tie or No result
- 0 - Loss

Bonus Point Calculations

The team which achieves a run rate of 1.25 times that of the opposition shall be awarded the bonus point.

A team run rate will be calculated as the runs scored in an innings divided by the number of overs faced. In the event the team is all out before the allotted overs are completed the team will be deemed to have played its quota (40 overs for A division, 30 for B and 20 overs for C to J Divisions) unless the team has won the match before the completion of the above quota.

Procedure to decide the winner in case of points tied at the end of the league

- The team with the most number of wins in the league matches.
- If still equal, the team with the highest net run rate, calculated up to four decimal points.
- If still equal, the team which was the winner of the head to head match played between them will be placed in the higher position.
- In the highly unlikely event that teams cannot be separated by the above this will be done by drawing lots.

Note: In a match declared as “no result”, run rate is not applicable.

ABDANDONMENT OF A MATCH

When a match is abandoned due to any reason on the day of the match the two teams shall share equal number of points.

Bowler attempting to run out non-striker before delivery

- On such first occurrence, the **batsman** is to be cautioned through the Umpire and if repeated by the **same batsman** in the match, the fielding side shall have the option to dismiss the non-striker in this mode of dismissal.

Checking the Identification Card (ID) of players

Umpires are required to check the original Id card (Resident Card) or the Passport copies before the Toss and compare it with the Registration details in the printout to be submitted by the team. Umpires should check the expiry date of the card in all cases.

IMPORTANT NOTES:

1. What if a player or players do not have the original ID card/ PP copies with her/them?

The player or the players cannot play in that match. Alternatively, if there is sufficient time, the player(s) can make arrangement for the card/PP copy to be brought to the ground but the Toss should be held only after all the nominated players have shown the ID proof as in the registration paper print out. Note: There shall be no penalty for the delayed start of the match, but the start of the match cannot be delayed beyond 30 minutes from the scheduled start of the match.

2. What if the ID card has expired or is expiring within 20 days of the day of the match?

Umpires to allow Player to play the Match, provided the original card is produced. In case if the card has been submitted for renewal, a photocopy of the card is to be produced.

3. What if ID card has expired for more than 20 days of the day of the match?

Teams will obtain a letter from OC and on the basis of that letter, Umpires to allow the player to play the match.
